Please use this turnaround list as a general guide for when you can expect your case to be completed. Due to unavoidable circumstances, some turnaround times may be extended. However, if you pre-schedule your case please indicate on the prescription form with the exact date and time of the patients appointment. In the event that additional in-lab time is required, we will notify you immediately so that a mutually agreeable delivery date can be determined. As always, we will do our very best to accommodate the special times that some cases require due to conditions out of our immediate control.
